Currently working as a WordPress developer, I have expertise in using Elementor, WP Bakery, and essential plugins to build and customize websites. I am skilled in integrating WooCommerce for e-commerce functionality and creating responsive designs to ensure a seamless user experience across various devices. My focus is on leveraging these tools to deliver high-quality, functional websites tailored to client needs.

WORK EXPERIENCE

• **Word Press Developer** Dec 2024 – Current **Cloud7 Branding Studio, Cochin.**

I am currently working as a WordPress Developer at Cloud 7 Branding Studio, where I have successfully developed 10+ projects using Astra themes, Divi themes, and the Wix platform. My role involves creating responsive web pages that ensure an optimal user experience across different devices. I specialize in customizing default themes to meet specific client requirements, implementing custom codes for additional functionalities, and utilizing various plugins to enhance website performance and usability. I focus on delivering high-quality, customized websites tailored to client needs.
